

# EUROMOD

## New functionalities

21/09/2020 EUROMOD Annual Meeting

*Estefanía Vázquez Torres (Joint Research Centre)*

# Outline

- Version Control tool.
- Licensing of EUROMOD as Open Source.
- New EUROMOD websites.

# Version Control Tool

- Tool which allows users (National Team members and developers) to share changes performed to the EUROMOD model.
- Screenshots (work-in-progress) presented during the last Annual meeting.
- Development finished and tool fully functional.
- Trainings provided to developers and National Teams members by JRC.

# Version Control Tool

- Now fully functional:
  - Model stored at JRC for EU Member States.
  - Safe (files are encrypted before transmitting them).
  - User-friendliness improved.
  - Speed improved.
  - Used for the Internal Release.
  - 50 users: developers from UoE and JRC, National Teams.

# Licensing of EUROMOD as Open Source

University of Essex and Joint Research Centre started the procedure to license EUROMOD as Open Source.

*“Open source software is software with source code that anyone can inspect, modify, and enhance.”*

<https://opensource.com/resources/what-open-source>

Still work in progress but close to the end.

# Licensing of EUROMOD as Open Source

- Licenses:

Model	CC (Creative Common) BY 4.0
Source code of executable and libraries	EUPL (European Union Public License) version 1.2
Other components (including compiled software)	End-user license agreement (no Open Source)

# Licensing of EUROMOD as Open Source

- Advantages:

Transparency

Collaboration

Reliability

Flexibility

Agility

# Licensing of EUROMOD as Open Source

- Source code will be uploaded to a platform on the Internet several times per year.
- Public release will be announced.

# New EUROMOD websites

## University of Essex

### Centre of Microsimulation And Policy Analysis

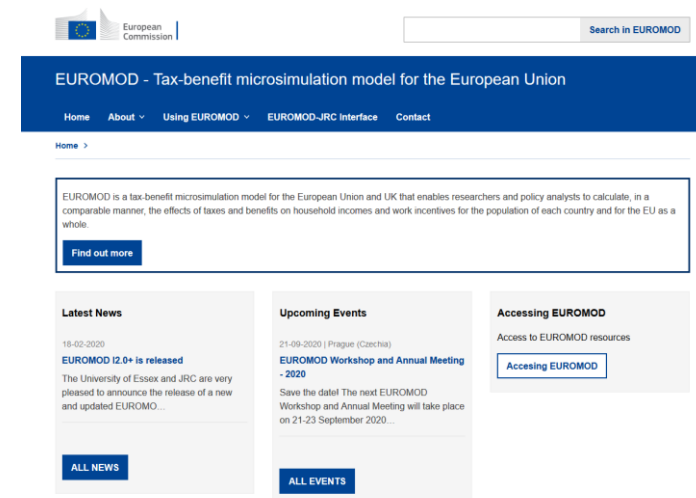

(<https://www.microsimulation.ac.uk/>)

## Joint Research Centre

### EUROMOD JRC website (under construction)
