

# Public economics at the University of Milan: a European perspective

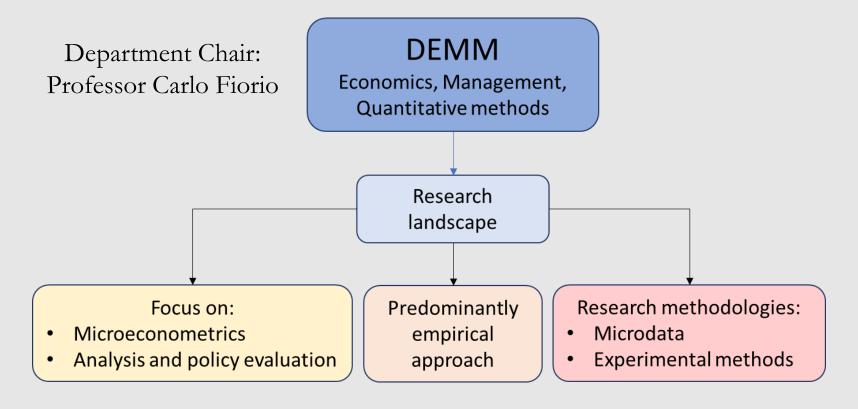

EUROMOD Workshop September 25 2019

Massimo Florio Università degli Studi di Milano

#### **OUTLINE**

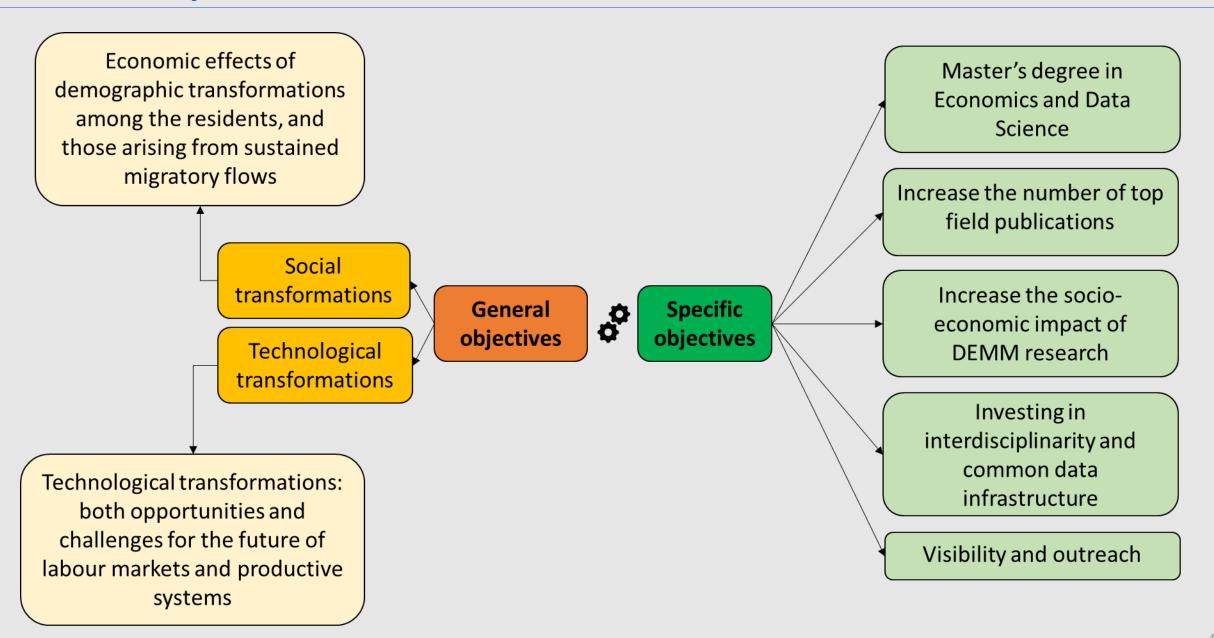

- The Department of Economics (UNIMI) in the national research assessment
- Public Economics at the University of Milan
- Main research topics in public finance and economics
- The Jean Monnet program
- Cambridge Elements of Public Economics: an invitation

### DEMM UNIVERSITY OF MILAN RANKED "EXCELLENT" IN THE NATIONAL ASSESSMENT

Academic staff (2019)					
Full prof.	Associate prof.	Assistant prof.	Post-doc	PhD students	Total
22	16	16	18	24	96

#### **DEMM OBJECTIVES: THE NEW STRATEGY 2018-2022**

#### **BIG DATA**

- "Data lakes" collected continuously in every sector of the economy. Can help us analyse the financial markets operation, as well as the behaviour of consumers, workers and businesses
- Using these data requires the development of **innovative methods** aimed at reducing their size
- For this purpose, DEMM has established the Centre of Excellence in Economics and Data Science (CEEDS)
- The CEEDS is a multi-purpose **technology infrastructure**, suitable for the empirical analysis of different research lines of the Department
- CEEDS seeks first and foremost to assist researchers in building and maintaining an updated dataset archive (EconDataLake), commonly used by members of the DEMM (e.g., BHPS, EULFS, RFL, BvD Orbis, US-CPS, US-Census, PATSTAT, Bloomberg)
- Its secondary goal is to expand the **technical skills** to build and develop new data sets from public and private sources
- CEEDS envisages the investment in calculation capacity, fixed and human capital, with technical staff offering advanced skills in Big Data management

### PUBLIC ECONOMICS AT THE UNIVERSITY OF MILAN RANKED FIRST AMONG PUBLIC UNIVERSITIES IN ITALY

#### **RESEARCH TOPICS:**

- Political Economy
- Taxation and Redistributive Policies
- Income Inequality and Poverty
- Tax Evasion
- Tax-Benefit Microsimulation Models
- Empirical Analysis of Taxation
- Public Debt
- Microsimulation

- Cost-Benefit Analysis of Projects and Policies
- Infrastructure Economics
- Public Enterprises and Privatization
- Network Industries and Public Services
- Regulation and Competition Policy
- Regional and Urban Economics and Policy
- Economics and Policy of Science
- Structure, Scope and Performance of Government

#### **OUTREACH**

LE MONDE
THE ECONOMIST
FINANCIAL TIMES
AND OTHERS

#### **PUBLICATIONS**

2012-2017:

72 works on **A journals**47% of works on **AAAA journals** 

#### **ACADEMIC**

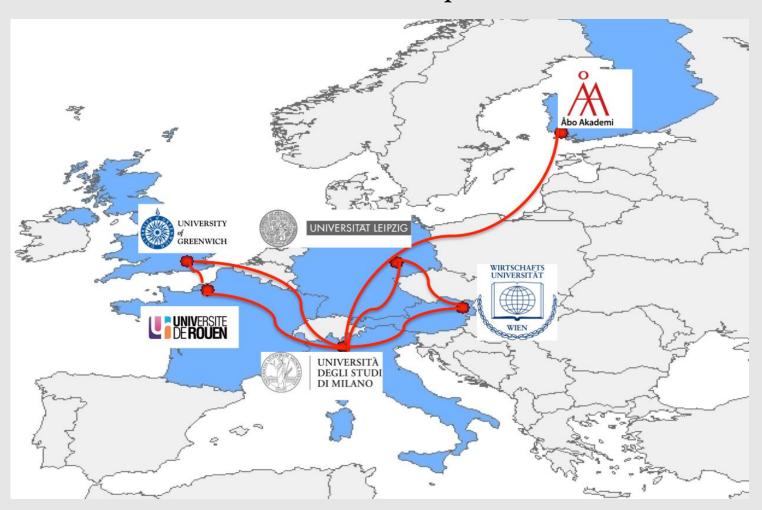

JOURNAL OF HEALTH ECONOMICS

AMERICAN ECONOMIC JOURNAL - APPLIED ECONOMICS
REVIEW OF ECONOMICS AND STATISTICS

JOURNAL OF THE EUROPEAN ECONOMIC ASSOCIATION
JOURNAL OF THE AMERICAN STATISTICAL ASSOCIATION
REVIEW OF ECONOMIC STUDIES
JOURNAL OF FINANCIAL ECONOMICS
MANAGEMENT SCIENCE
JOURNAL OF INTERNATIONAL ECONOMICS
ECONOMIC JOURNAL
JOURNAL OF PUBLIC ECONOMICS
EXPERIMENTAL ECONOMICS

#### JEAN MONNET PROGRAM: EUSERS NETWORK

#### The EUsers Network involves six European universities:

- The **EUsers Network** aims at encouraging the diffusion of innovative teaching approaches, applied research and policy debate on **services of general interest** (SGI) in the European Union from a citizens' perspective, by creating a network of six universities
- The long-term objective of the EUser Network is indeed to become the reference point in the European Union on public services within high education, with the main role of collecting and capitalising the knowledge on SGI and specific related issues, of disseminating it to the general public through publications and public debates involving the academic word and policy-makers

#### JEAN MONNET CHAIR AND JEAN MONNET LABORATORY

#### JEAN MONNET CHAIRS:

- Carlo Fiorio, Jean Monnet Chair in Public Finance, 2019-2021
- Massimo Florio, 'Ad Personam' Jean Monnet Chair of EU Industrial Policy, 2011-2014
- Massimo Florio, Jean Monnet Chair of Economics of European Integration, 2003-2006

#### JEAN MONNET LABORATORY:

- CERN, The European Organization for Nuclear Research
- EACEA: Erasmus + Jean Monnet Network
- EIB-Universities Research Programme
- European Commission, DG Regional and Urban Policy
- European Commission, DG Research & Innovation
- European Investment Bank, University Research Sponsorship Programme (EIBURS)
- Italian Space Agency (ASI)
- Ministry of Finance of the Republic of Lithuania
- OECD, The Organisation for Economic Co-operation and Development
- The World Bank

#### **CAMBRIDGE ELEMENTS**

Cambridge Elements are original, concise, authoritative, and peer-reviewed scholarly and scientific research, organised into focused series edited by leading scholars, and providing comprehensive coverage of the key topics in disciplines spanning the arts and sciences.

Conceived from the start for a digital environment, and with the ability to be regularly updated, they provide a dynamic reference resource for graduate students, researchers, and practitioners

#### Elements are:

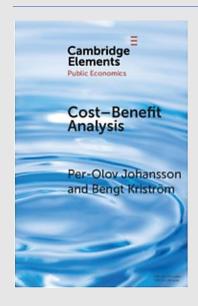

- Rapidly published and disseminated
- Authoritative, written by leading scholars and rigorously peerreviewed
- Structured in focused series, edited by senior figures in each discipline
- Concise
- Available in online, onscreen, and print versions

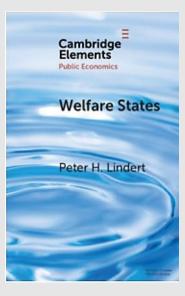

#### Elements include:

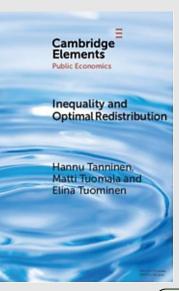

- Analytical surveys on foundational building blocks of the discipline
- Original, cutting edge insights into frontier topics
- Masterclasses and advanced tutorials on emerging topics
- Detailed descriptions of novel technologies or protocols (in Medicine and Engineering)

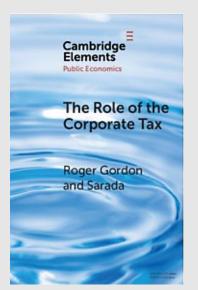

#### **CAMBRIDGE ELEMENTS OF PUBLIC ECONOMICS**

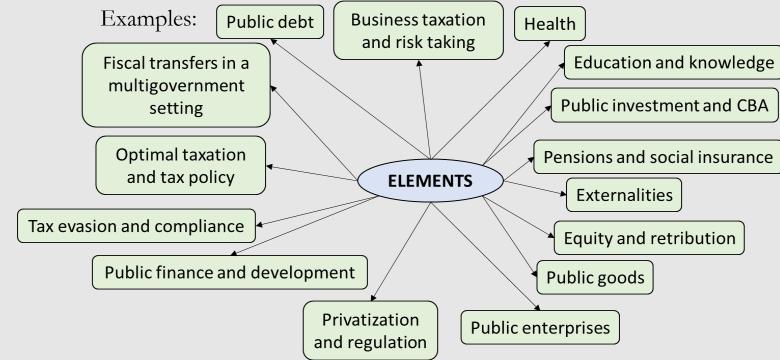

#### **EDITORS:**

Robin Boadway, Queen's University, Ontario

Frank Cowell, London School of Economics and Political Science

Massimo Florio, Università degli Studi di Milano

The editors are particularly interested in the new frontiers of quantitative methods in public economics, experimental approaches, behavioral public finance, empirical and theoretical analysis of government, public policies, and institutions

## The editors would welcome a Cambridge Element on Microsimulation/Tax-benefit models

- Two pages outline reviewed by the editors
  - 20.000-30.000 words (40 to 75 pages)
    - Fast track anonymous review
  - Publication both online and paperback

Thank you
